Pre-conference Workshop On 8th August 2024
D. Y. Patil Medical College, Pune

Theme : Neurotrauma - Prevention to Rehabilitation

Organising Chairman
Dr. Sushil Patkar

Organising Secretary
Dr. Sarang Rote

WELCOME MESSAGE

Dear Friends,

Once again after two decades we have the opportunity to host the annual National Neurotrauma Conference of the Neurotrauma Society of India. Pune has over the years become one of the major sought after cities with excellent living index in the country. However urbanization has brought its own woes. The vehicular numbers almost match the population density and chaos on the roads is the rule rather than exception. The desire to reach the destination “first” has resulted in ever increasing accidents and road rage with resultant assaults has become common.

The unique disregard of traffic rules and especially the refusal to use “helmets” by Puneans continues to persist in spite of mounting evidence to its benefits. The management of neurotrauma has undergone many changes but with a snail pace progress in outcomes. Severe brain and spine injuries continue to remain undefeatable apart from minor improvement in survival. Prehospital care and rehabilitation have become the areas of focus which show some promise. Let us meet, share our experiences and knowledge and hope we will bring about some positive change. I welcome you to “Amche Pune tithe Kai une” (Our Pune where nothing is deficient) and assure you that you will have a memorable experience.

Regards,
DR. KUSHIL PATKAR
Organising Chairman
NEUROTRAUMA 2024
PUNE

INVITATION

It is our distinct pleasure to invite you to attend the NEUROTRAUMA 2024 the 32nd annual conference of Neurotrauma Society of India (NTSI) from August 8th–11th, 2024, at the Hotel Sheraton Grand, Pune, Maharashtra.

Our theme this year is "**Neurotrauma - Prevention to Rehabilitation**". We have assembled a fantastic group of organising committee members and volunteers, representing a wide range of expertise in preclinical and clinical management in brain and spinal cord trauma, as well as a wealth of diversity in career stages and backgrounds.

We will make sure that all topics from Prevention of head and spine injury, best treatment protocols, neurosurgical care to advanced neuro rehabilitation will be covered in this meeting.

For the young neurosurgeons and residents we will be arranging array of workshops with emphasis on hands on experience. We hope that you will take this meeting as an opportunity to look at the breakthroughs in technology and science that will become the landmarks of future neurotrauma work.

Holding this meeting in Pune, known as Oxford of East and the hub of Information technology advancements, we believe that this year's meeting will highlight the great strides that we all have made in our field, how we are using novel technology to better approach diagnosis, treatment and rehabilitation for brain and spinal cord injury, and demonstrate the strong foundation for future. In addition to cutting edge scientific program, we will also offer numerous opportunities for networking, scientific exchange, advocacy.

We invite you, to actively participate in the conference and be part of great academic feast. We look forward to seeing everyone in Pune! Kindly block the dates 8th-11th Aug 2024 !

Regards,
DR. SARANG ROTE
Organising Secretary
